UNITING THE SUPPLY CHAIN TO DELIVER SUSTAINABLE OUTCOMES FOR AGRICULTURE

Field to Market: The Alliance for Sustainable Agriculture brings together **nearly 140 member organizations—representing all facets of the food and agriculture value chain**—to work collaboratively to define, measure and advance the sustainability of food, feed, fiber and fuel production in the United States.

By providing measurement tools and resources that are outcomes-based and grounded in science, Field to Market supports organizations across the food and agriculture value chain in achieving continuous improvement towards their sustainability goals.

Explore how your membership in Field to Market offers your organization the benefits of **the premier platform for advancing sustainable agriculture in the United States**.

A Shared Commitment

The challenge of producing enough food, feed, fiber and fuel for a rapidly growing global population—while conserving our planet's natural resources—has become increasingly complex.

We believe no one organization can meet this challenge alone.

Unlock unparalleled levels of transparency and collaboration with peers across the supply chain by maximizing your engagement in Field to Market.

OUR VISION

To harness the collective action of the value chain to support resilient ecosystems and enhance farmer livelihoods

OUR MISSION

To meet the agricultural challenge of the 21st century by providing collaborative leadership that is:

- **Transparent**
- **Grounded in science**
- **Focused on outcomes**
- **Open to the full range of technology choices**
- **Committed to creating productive and profitable opportunities across the agricultural value chain for continuous improvements in environmental outcomes**
